Professional Summary

Frontend Developer specializing in React.js with strong skills in modern JavaScript (ES6+), component-based architecture, and REST API integration. Experienced in building responsive, high-performance web applications with reusable UI components and optimized state management. Familiar with Python for automation and API data handling. Passionate about writing clean, scalable code and improving user experience through modern frontend development practices.

Technical Skills

- **Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design, Component-Based Architecture, React Router
- **State Management:** Redux (Basic), React Hooks, Context API
- **Backend & Programming:** Python (Basic), REST API Integration, JSON Data Handling
- **Tools & Development Environment:** Git, GitHub, VS Code, NPM, Chrome DevTools
- **Web Concepts:** Single Page Applications (SPA), API Integration, UI Performance Optimization, Cross-Browser Compatibility
- **UI / Design:** Responsive UI Development, Figma to UI Conversion

Projects

Personal Portfolio Website

[GitHub](#) | [Live Demo](#)

- Developed a modern responsive developer portfolio using React.js and reusable component architecture.
- Implemented client-side routing using React Router for seamless navigation without page reloads.
- Built modular UI components to improve maintainability and scalability of the application.
- Optimized layout responsiveness for mobile, tablet, and desktop devices.

Tech Stack: React.js, JavaScript, CSS, React Router

Weather App - Real-Time Weather Web Application

[GitHub](#) | [Live Demo](#)

- Built a responsive weather application that fetches and displays real-time weather data based on user input and location.
- Integrated third-party REST APIs to retrieve temperature, humidity, wind speed, and weather conditions.
- Integrated third-party REST APIs to retrieve temperature, humidity, wind speed, and weather conditions.
- Designed a clean and intuitive interface with modular CSS architecture.

Tech Stack: HTML, CSS, JavaScript, Fetch API

Education

Bachelor of Science (B.Sc.) in Information Technology

Cimage College, Patna | 2016 – 2019

Higher Secondary (12th – Science)

PDCP College, Madhubani | 2014 – 2015

Senior Secondary (10th)

Himalayan Public School, Patna | 2012

Additional Skills

- Version Control with Git & GitHub
- Debugging and Problem Solving
- Team Collaboration
- Continuous Learning and Self-Development
